

## **“Reflections” Wilson Lake Cabin Experiences**

### **Lee County Conservation Board**

Grew up right down the road. . . this is a remarkable little cabin! I am so glad to see L.C.C.B enhance the grounds here. We enjoyed the tranquility of being here, having a fire and enjoying each others company. Can't wait to come back. – **Doug**

First campers of the year! Had an amazing stay as usual and plan on returning many more times! Our kids absolutely love this place and are already asking when were coming back. Even though we had some snowy weather it didn't stop us from having our campfire and having an overall great time! Hopeully everyone enjoys this place as much as we do! – **The C-Family**

I have fond memories of love and laughter here at Wilson Lake. On this visit I'm sharing this peaceful and beautiful cabin with delightful girl friends from high school days. Class of 73'. We are having so much fun sharing stories and laughter! Dear friends lets' toast to other adventures that life gives us and a return visit to this lovely park! – **Elaine**

Our first experience with a cabin at Wilson Lake was awesome! We laughed, told many stories, talked more, cried, and had a lot of fun. We made many wonderful memories. We are wanting this to become an annual tradition. –**The Church Ladies**

We had a very relaxing week. Absolutely love waking up & putting a pole in the water! Everything was fantastic. Weather was incredible. Even though we weren't far from home we felt as if we were in paradise. We will be back soon! – **Barbara**

We are back for the 2<sup>nd</sup> time. We were here almost exactly a year ago and had just as much fun as last time. My boys say this is the best place we've ever stayed. We love hanging out on the dock and walking around the pond exploring nature. The boys always come back with wild stories of bobcats, deer, bears & snakes. Not sure how much of it is true! 😊 – **Unknown**

We arrived late Friday night to find our “Little House on the Prairie.” What a beautiful, peaceful cabin! It's a restful atmosphere of nature at its best. The cabin is tastefully furnished and decorated to make the residents feel at home, yet in touch with the outdoors. The guys are fishing and others are relaxing with music on the radio and naps. Tonight's campfire with S'mores and roasting hot dogs highlights our evening. This truly is a getaway place. Thanks for a great weekend! – **Diana**

Our family met at the cabin and had a wonderful time. This cabin is beautiful and we will be glad to come back next year! The Halloween Hike was especially delightful. Thank you LCCB for making such a great destination for families to enjoy right in our own backyard! 😊 **The H-Family**

Love the Cabins!!! Absolutely loved spending my daughters 9<sup>th</sup> birthday here! The kids had a blast and I enjoyed the peaceful surroundings and couldn't have found a better place! It's great having a place so close to home to come to and leave all our electronics behind. The kids ran and played outside using their imaginations and as a mother of 2 yr. old twins sometimes getting outdoors and enjoying the fresh air is exactly what we need! Thank you for a wonderful time and we look forward to renting again & again! –**The C-Family**

We had an awesome time with friends and family, good fishing, but the turtles got the best of me (caught too many). Love the cabins and the great view of the water, weather was wonderful. Cool breeze and overcast. No raccoons this time around. Soooooo relaxing, no tv, radio and I left my phone off. Good time to visit, catch up and fish. – **The J-Family**

All of our expectations were met and exceeded here at Prairie View Cabin on Wilson Lake. I am sure if we lived closer we would come often. Our son a junior geologist learned you could find Geodes in this area several years back and has wanted to come here ever since. Not knowing the area very well was well pleased how pleasant and forthcoming all of the citizens of Iowa made us welcome and wished us well in our Geode explorations. This will be a memory for our family to look back on as a favored one. Thank you for renting us this great place to stay. –**The D-Family, Texas**

Being from North Florida (panhandle), we were raised knowing that Iowa was called “Land of the Giant Whitetail Deer.” Being chosen in the DNR lottery system this year gave us a chance to see and harvest something spectacular! We cherish our journey here and stay in this part of Iowa country. The people are accommodating and truly too nice. Our stay in this cabin will always be remembered, not just for the “Country Log Cabin” feel, but for the tranquility and peace at night after such a long day in the woods. Black skies and quiet nights. . . We will be back in three years! After the next lottery!!! **The S-Family, Florida**

Orion watches over this small, 3 room cabin, this quaint sanctuary. My Family – this band of brothers, who wrestle and argue, share secrets & conspire, they will remember this brief respite from Minecraft, Wii & Netflix, I hope, with a great joy. My oldest (13), wants to return, and for him to show enjoyment in things such as this is rare. This place reminds me of the Ingalls Family or Chirsty, the fictional teacher of the poor mountain children of Tennessee. Their simple living, their simple needs – family, friends, faith, hard work, love. These sometimes forgotten staples are revived here. Take time to enjoy, to savor the stillness, the quiet, the peace, the solitude. Enjoy the simplicity, the time to reconnect with family, nature, God. May your travels take you to places like this, places to be quiet, to disconnect from technology. – **The V-Family**
